

### **KEVIN BAIZE, FIELD SUPERVISOR**

Kevin Baize, EMT-P, is an Integrated Care Paramedic Field Supervisor at Tandem365, where he plays a pivotal role in bridging emergency medical services with coordinated, patient-centered care. In this leadership position, Kevin oversees a team of field clinicians, ensuring high standards of performance, clinical quality, and compliance with organizational protocols. He works in close collaboration with a multidisciplinary team—including physicians, nurses, social workers, and medical assistants—to deliver seamless, holistic care to Tandem365 participants, many of whom face complex medical and social challenges.

With over 15 years of experience in emergency pre-hospital care, Kevin brings a wealth of clinical knowledge and operational insight to his role. His background includes advanced life support, critical incident response, and strategic leadership as a former EMS Director, where he was responsible for system-wide improvements, staff development, and community engagement. His ability to lead under pressure and foster strong team dynamics has made him a trusted mentor and resource within the organization.

Kevin is passionate about improving outcomes for vulnerable populations through proactive, integrated care models. He is known for his hands-on approach, regularly engaging with field staff to provide coaching, troubleshoot challenges, and ensure that care delivery aligns with both clinical best practices and the values of Tandem365.

Outside of work, Kevin is a devoted family man who enjoys spending time outdoors with his wife and children. Whether fishing, camping, or exploring zoos and aquariums, he finds joy in nature and quality time with loved ones. He also helps raise cattle, blending his rural roots with a deep appreciation for hard work and stewardship.

"People don't care how much you know until they know how much you care." Theodore Roosevelt
